

World Book Kids is developed especially for elementary-aged users, featuring image-driven navigation and an intuitive user experience. Kids has an uncluttered interface, easy-to-understand content, and engaging games, science projects, and activities.

### AGE APPROPRIATE

Build students' foundational knowledge with age-appropriate exploration!

Students can also select the **Explore** button and choose from a range of **interesting topics**. Dig deeper into topics of interest.

### SAFE SEARCHING

Student searches are **assisted and safe** and generally return **articles, images, and video**.

Students can easily find information and develop **digital literacy** skills.

### COMPARE AND CONTRAST

Learn about the **World of Animals** while improving students' compare and contrast skills. Explore birds, bugs, land, and water animals and more!

Use **Compare Places** to explore continents, countries, provinces, and territories.

### ADDITIONAL TOOLS

Other learning activities and tools include interactive **maps**, curriculum-linked **games**, and **science projects** and experiments.

The **Educator Tools** includes BC curricular connections as well as lesson plans and graphic organizers.

### ACCESSIBILITY TOOLS
