Read&Write for ios
Quick Reference Guide 8.23

Tool	Symbol	How it works
	Keyboard	
Text to Speech		Reads text aloud with dual color highlighting and natural-sounding voices. To ue, place your cursor in front of some text and click the Play button.
Prediction		Provides word suggestions as you type. Develops writing skills and helps construct error-free sentences more easily. Simply tap or swipe a word to insert it. You can also have word suggestions read aloud by enabling this setting in the Read&Write app.
Check It		A proofreading tool that checks for spelling, grammar and confusable word errors. Place your cursor in a sentence you would like to check, and click the Check It icon. For each identified error, choose from one of the suggestions on the right side of the keyboard. When finished, click the check mark to insert your changes back into the text.
Dictionary, Picture Dictionary		Provides definitions and images from Widgit® Symbols to support comprehension. Click the Play button to hear the definitions read aloud.
Talk&Type		Turns the spoken word into text by dictating into a microphone. Tap the microphone icon and begin speaking. Tap in the top left corner of the screen when finished.
	Writing App	
Insert Image		Insert images from your camera or photo library into your document.
Spelling and Grammar Check		A proofreading tool that checks for spelling, grammar and confusable word errors.Automatically checks for errors as you type, or tap on a word to make a correction. Choose from the list of suggested corrections, or tap the icon at the bottom of the list to ignore the error.
Change Font and Spacing		Includes basic formatting options, font style and size, and spacing options.
