

National Geographic Kids includes magazines, books, images, and videos. Included informational texts, fun features, and weird and wacky facts make this resource especially suitable for English Language Arts, Social Studies, and Science classrooms.

PRINT CONTENT

Magazines: includes **National Geographic Kids** magazines from 2009 to the present.

Books: over **750 titles** are available, including **non-fiction books** (space, animals, biographies, vehicles, sports, countries, facts) and **levelled readers**.

MULTIMEDIA

Videos and pictures provide multimedia insights into scientific topics, famous people, and interesting locations, as well as to the wonderful world of animals.

The **full transcript** and a **close captioning** option are available for video resources.

SEARCH TOOLS

Keyword and advanced searching are provided as options. **Explore Topics** lets students discover new topics and connections by browsing.

Built-in Dictionary: for student support to clarify and define while reading content.

EDUCATOR TOOLS

The **Get Link** button creates a permalink to the identified URL. This is an easy way to share content with students. The **Get Link** button is on all pages.

Full Citations are available by clicking the **Cite** button. Documents can also be printed.
